Good morning Rebecca,

No problem whatsoever. Still working towards securing a time for this meeting.

Thanks!

Very Respectfully,

Patrick Hickey

So sorry for missing this email. I just did the Doodle Poll, which did not include October 25 and 27. I can be available October 25.

Rebecca,

My impression from talking with Kira was that this meeting would likely be an all day event. Would you two still be available on October 25th and 27th?

Thanks!

Very Respectfully,

Patrick Hickey

Hello Patrick-

Please also include Andy Smith from my section. Andy and I are available October 25 in the afternoon, or the morning of October 27. Friday is also a possibility that week.

Thanks for organizing this.

Rebecca

Patrick,
I don't see a great agency org chart but I've included our executive management, TCP and HWTR org charts. Hope these are helpful.

Please include Kerry Graber and Ron Kaufmann on the invite list as well (I've included them in the cc list for addresses).

My schedule is a potentially a bit full in October already. I will likely be out on leave the week of October 17th and we have our Program Management Team meetings on the last week of the month which takes out October 26 and 27th. I'm open that week October 25th and October 28th. If the week before works for everyone else, don't let me hold up the progress forward. Kerry and Greg know JBLM best for HWTR so ensuring they can attend is most important of our crew. Kerry is open for all the dates you've listed.

Thank you Patrick.

Michelle

Ecology folks,

Hello, for those who don't know me, I'm Patrick Hickey, the EPA RPM assigned to Joint Base Lewis-McChord.

I am working to set up a meeting at JBLM in order to negotiate and implement a Site Management Plan for the PFAS RI/FS into the two existing Federal Facility Agreements for McChord AFB and Fort Lewis. We are looking at an all-day meeting sometime during the week of October 17th or October 24th.

In particular, I was looking at these dates; 10/27 (Th), 10/26 (W), 10/20 (Th), and 10/17 (M).

I am hoping to get a response to the meeting dates and who will be attending (in addition to yourselves) by tomorrow (8/4).

And for my own edification, might you have an organizational chart for the Washington State Department of Ecology you might be able to share with me?

Thank you!

Very Respectfully,

Patrick Hickey
